WASHINGTON (AP) — Pressure and conflict pursue Robert P. Griffin relentlessly.

Hart Seeks Third Term In Senate

SENATOR HART

DETROIT (AP) — Sen. Philip A. Hart, D-Mich., announced today he is a candidate for reelection to a third term in the U.S. Senate.

Hart, 57, is chairman of two Senate subcommittees: Antitrust and Monopoly and Environment. His opponent in November is expected to be Lenore Romney, wife of the former Michigan governor, George Romney. She has received the endorsement of Republican party leaders, but faces a primary test in August from Sen. Robert Huber, R-Troy.

In remarks prepared for delivery today, Hart cited one main reason for his interest in reelection.

DANGER WITHIN

"I think the 1970s have an excellent chance of going into the history books as the decade when this country really reshuffled its priorities," he said. "We are coming to realize that the real threats to this society are being generated within our borders and not in some foreign capital."

"Most of our federal money is spent to protect our liberties from foreign threats, but the forces that are really eroding our freedoms are right here at home."

Hart repeated his view that the United States should end its military involvement in Indochina and spend some of the money now spent on the war on domestic problems.

DIRTY CRIME, POLLUTION

"Nearly half of all Americans are afraid to walk the streets at night," he said. "Certainly their liberties are diminished. Every time another lake or stream gets polluted, swimmers and fishermen have lost some freedom of choice."

"And if a child's mind is dulled forever because it was undernourished during the first years of life then his options in life become very limited."

"I want to see us get out of Indochina soon and I want to see that \$26 billion a year spent instead to cure our domestic ills."

Hart was elected to the U.S. Senate in 1958 and re-elected in 1964.

Lake Temperature

The temperature of Lake Michigan at the shoreline today is 68 degrees.

GOP SENATE WHIP: Assistant Senate Republican leader Robert P. Griffin finds himself under great pressure these days, not only from the right and left of the political spectrum. These pressures keep him awake nights after working 16 to 20 hours per day. (AP Wirephoto)

State Senate

Lower Voting Age Up For Decision

LANSING (AP) — The Michigan Senate prepared today for a final vote on a measure that could lower the voting age from 21 to 18.

With no debate, Thursday, the Senate pushed the proposed constitutional amendment into position for decisive action.

In discussion earlier this week, some senators proposed that the voting age be lowered to 20 instead of 18, as is suggested in the measure sponsored by Sen. Anthony Stamm, R-Kalamazoo.

Others noted defeat of a similar proposal in 1956, when Michigan voters turned down a lower voting age by a nearly 2-1 margin.

Some, noting campus unrest

in recent months, predicted that margin would zoom to 5-1 if the voters found the proposed change on their ballots this November.

The house already has approved a proposed constitutional amendment to lower the age to 18, but the Senate is working on the Stamm resolution, which, if approved, would require further action in the House.

A two-thirds vote is required in both chambers before the proposal could appear on the ballot.

Dissidents Invited But Don't Show

**Dispute Is
Over Loss
Of 4 Jobs**

Mrs. Helen Ford, executive director of the Tri-County Community Action Program (Tri-CAP) commission, received a vote of confidence last night in the dispute over the reported dismissal of five employees and the suspension of a sixth.

Virgil May, chairman of Tri-CAP's Board of Directors, said the board's executive committee voted unanimously to support Mrs. Ford during a special meeting called to review the issue. The meeting was held in the Tri-CAP offices, 720 East Main street, Benton Harbor.

AGREES TO MEET

The committee also agreed to meet with any group if it submits a written and signed request for a meeting and if it submits a written report con-

MRS. HELEN FORD
Tri-CAP Director

cerning its concerns to the committee.

May said the number of employees fired or suspended since Mrs. Ford became director is four not six as claimed by a "Concerned Citizens" group.

According to May, he called the session last night to meet with spokesmen of citizens protesting the actions or review written protests from them. But he said none appeared for the meeting and no written documents were received.

About 40 persons picketed the Tri-CAP offices Monday and Tuesday in protest of the actions.

A complaint was also filed with the Chicago office of the Office of Economic Opportunity (OEO) calling for a reinstatement of the employees and the dismissal of Mrs. Ford, May said.

The OEO is the federal agency which oversees operations of Tri-CAP and other anti-poverty organizations within the region.

May said the number of employees over which the group expressed concern could not be a legally determined without further information.

FIRST FIGHT REPORTED

Three employees, May said, have been dismissed since Mrs. Ford became director and one suspended. One of the three, he said, had been involved in a fist fight at one of the organization's centers.

A grievance from one of the other two dismissed workers and from the person suspended were pending before the organization's personnel committee, May said.

The suspended employee has been reported to be Robert Rummey, director of the Neighborhood Youth Corps.

May said the personnel committee would make its report to the board of directors. While the review is underway, the chairman said the details could not be discussed publicly.

The personnel committee met after the executive committee session to review the grievances from the two employees.

Legislator Knows He Can Count On 'Pals'

GEORGE F. MONTGOMERY

College Chiefs Help Pass Petitions

LANSING (AP) — Democratic gubernatorial candidate Rep. George F. Montgomery, D-Detroit, has defended his practice of asking the heads of Michigan's colleges and universities to circulate nominating petitions for him.

"It's a civic duty . . . 'It's not a crime to circulate petitions, it's a civic duty,' Montgomery said. 'Most of these men (the presidents) are my personal friends. To say that I tried to put the arm on them is a bunch of crap.'"

An aide to Montgomery said the Detroit Democrat will formally file his 13,385 signatures as a Democratic candidate for governor on Friday.

CONDUCTING HEARINGS
Montgomery, 36, is currently conducting hearings on the colleges' budget requests for 1970-71.

The presidents were asked in a letter on official House stationery to "help put George's

mind at ease," by assisting in the collection of voters' signatures.

The subcommittee met with all 29 community college presidents June 4 to discuss budget requirements and at least two presidents reported that their aides had been asked to take petitions for Montgomery with them when they left the hearing.

The letter, written by Montgomery but signed in almost every instance by State Rep. Marvin L. Stempien, a Livonia Democrat, who also sits on the subcommittee which studies college requests for state money.

The letter said in part that Montgomery "has been very active in processing legislation pertinent to education and particularly to higher education through the appropriations committee and the floor of the House during the past six years."

The letter continued, "If you would be so kind to circulate and return to us these petitions by June 1, wholly or partially completed, an early filing could help put George's mind at ease."

FELT NO PRESSURE
Most of the college presidents reportedly said they felt no pressure to support Montgomery and that they had made some effort to fill out the petitions and return them to the Detroit Democrat.

"We have thought this a rather routine matter," commented Donald Pink, president of Montcalm County Community College. "We are trying not to involve our own people too deeply, but rather act as a relay station to get the petitions into the hands of the right people."

Dr. Alfred Shankland, president of North Central Community College in Petoskey, said he "had no feeling of pressure."

Backs Leatz

Horst Withdraws From House Race

George Horst of Buchanan, a retired industrial executive and former St. Joseph minister, withdrew his candidacy today for the Republican nomination for state representative in the 43rd district.

In withdrawing, Horst threw his support behind Ray Leatz of St. Joseph, one of three other GOP candidates in the race.

Horst, who is 72, said there has been "considerable agitation" about his age and that he might not be available for a second term after an exploratory first term.

Horst was the first Republican in the race when it became apparent that veteran State Rep. Don Pears of Buchanan would be retiring. Horst announced his candidacy April 11

a short time before Pears made a formal declaration of his retirement.

Other GOP hopefuls in the race, in addition to Leatz, are Harry Gast, Jr., Lincoln township supervisor, and Larry L. Groser of Wayne township in Cass county.

In supporting Leatz, a St. Joseph barber, Horst said he has known Leatz many years and had performed the wedding ceremony for Mr. and Mrs. Leatz in 1935.

"In this long span of time, I have known him (Leatz) to be honest, intelligent, charitable, morally honorable and respectful of people and their views although these views may have been in variance with his own. I hope that my friends and enemies will vote for Ray."

James Booth, a Buchanan school teacher, is the only announced Democratic candidate for the 43rd district seat.

Cambodia Envoy Says Aid Needed

WASHINGTON (AP) — Cambodian Ambassador Son Voeunsi has told President Nixon his nation will need U.S. aid and friendship to halt "the criminal aggression against its territory," adding American assistance "saved us from the hands of the Communists."

"We shall do our best to aid Cambodia to defend its neutrality," Nixon pledged.

DIPLOMAS PRESENTED TO 537 BH SENIORS

BENTON HARBOR HIGH SCHOOL GRADUATES 537 SENIORS AT FILSTRUP STADIUM THURSDAY EVENING

Obey Law, Top Grad Advocates

Salutatorian
Ask Classmates
For Compassion

Graduating seniors of Benton Harbor high school last night were encouraged by their valedictorian to be law-abiding citizens and, by their salutatorian, to be compassionate.

In the school's 95th graduation program, 537 seniors were awarded their diplomas as their families and friends looked on from the bleachers of Filstrup field.

The temperature was in the 80's as the seniors, wearing their blue gowns and mortar boards, filed onto the field.

Presenting the diplomas were Lester Page, president of the Benton Harbor board of education, and Dr. Harzel Taylor, board secretary.

GRADUATION FOR TAYLOR

In introducing the two men, Superintendent Dr. Mark Lewis described the ceremonies as a kind of graduation for Dr. Taylor, who this month ends 12 years of continuous service on boards of education. He announced in May he would not seek reelection.

In the valedictory, Jane Florin said, "The violence of today's protests offers no solution."

"Students," she said, "must begin to realize how fortunate they are to live in America and to have the opportunity to an education. This opportunity is a privilege and not an absolute right."

Citizens as well as students, she continued, have the responsibility "to follow the rules." "We must support our government and have respect for the laws that make our society possible."

PRaises PATRIOTISM

Miss Florin praised patriotism. "We must express our love for our country by supporting our government and the fighting for our ideals."

Salutatorian Deborah Yund dared her classmates "to dream the impossible dream and work for a more peaceful and loving world."

She urged the abolition of war and poverty: "War and poverty are not inevitable parts of our lives. Simply because they exist now is no reason for us to accept them."

Said the student with the second highest academic average, "It may seem that I'm biting the hand that feeds me, but I feel we place too much emphasis on grades in our educational system." Schools, she said, must also teach humanism.

Dr. Lewis thanked the seniors for their "maturity and strength in the past year during distressful times." The graduating class was turned over to him by Principal Fred Murray.

The Rev. John Whitsitt pronounced the invocation and benediction. Class President David Kritt was master of ceremonies.

Music for the processional and recessional was played by the high school band, directed by Bernhard Kuschel.

Lakeshore Awards Diplomas To 199 Seniors

More than 3,000 persons took seats on Lakeshore high school's football field Thursday evening to watch graduation exercises for 199 Lakeshore seniors.

Introduced by Lionel Stacey, superintendent of Lakeshore district, Chester Byrns, Circuit Court Judge of Berrien county presented the commencement address.

His address was given directly to the graduating class and he turned the podium around, his back to the guests, to face the student audience.

He spoke of the generation gap, how there always has been one and there will probably always be one. A review of the historical events of early lives

of the present older generations was explained to have been responsible for our country to remain a free country.

He cautioned the class of 1970 not to let the radicals and publicity seekers lead them down the wrong path with false promises, which may eventually lead into the loss of freedom.

Byrns closed by stating the generation of which this class is part, maybe the greatest generation ever known. "Or it could be the last generation of the free United States of America," he warned.

The presentation of diplomas was made by Edward Risch, president of the board of education; Gerald Howard, secretary of the board of education;

and Craig Zimmerman, president of the senior class.

The Lakeshore High School Band, under the direction of Arnold Lesser, played the processional music, and Linda Jance, president of the Student Council led the Pledge of Allegiance. The invocation was given by the Rev. Lloyd Phillips of the United Methodist church, Stevensville. He gave the Biblical scripture reading and closed the commencement with the benediction.

Joel Carr, principal, awarded scholarship plaques to Diane Phillic, valedictorian, and Sally Quardokus, salutatorian.

Graduating seniors are: Nena Adams, Debra Ameigh, Gary Agens, Ken Andrews,

Ronald Amond, Elizabeth Armbruster, Michail Baker, Debra Bartz, Brad Bayless, Joseph Bellavin, Howard Berberick, Lee Bernucci, Mary Bellig, Brenda Blake, Gregg Bookout, Fred Born, Sue Brown, Robert Burakoff, Guy Caple, Arnold Catania.

Debbie Catania, Steve Chance, Terry Chism, Joy Cole, Kim Coulson, Jay Craig, Sue Cravens, Lori Daggett, Christine Deja, Gene DeLaPorte, Vickie DeMay, Tom DeMeester, Barry DePrest, Carol DeWill, Diane DiGregorio, Jennie DiPisa, Linda Dorsey, Tim Duensing, Richard Dumke, James Dutcher.

Joe Dwan, Douglas Eelman, Gail Elssasser, John Elssasser, Brenda Elsnor, Dana Evans, Stan Fautersack, Janice Fausak, Robert Florian, Marilyn Floyd, Neal Forrester, Gene Fowler, Linda Fritz, Barbara Gaipa, Linda Gast, Warren Gast, Gary Gaul, Steven Gaul, Steve Gaunder, Rosanne Gemhala.

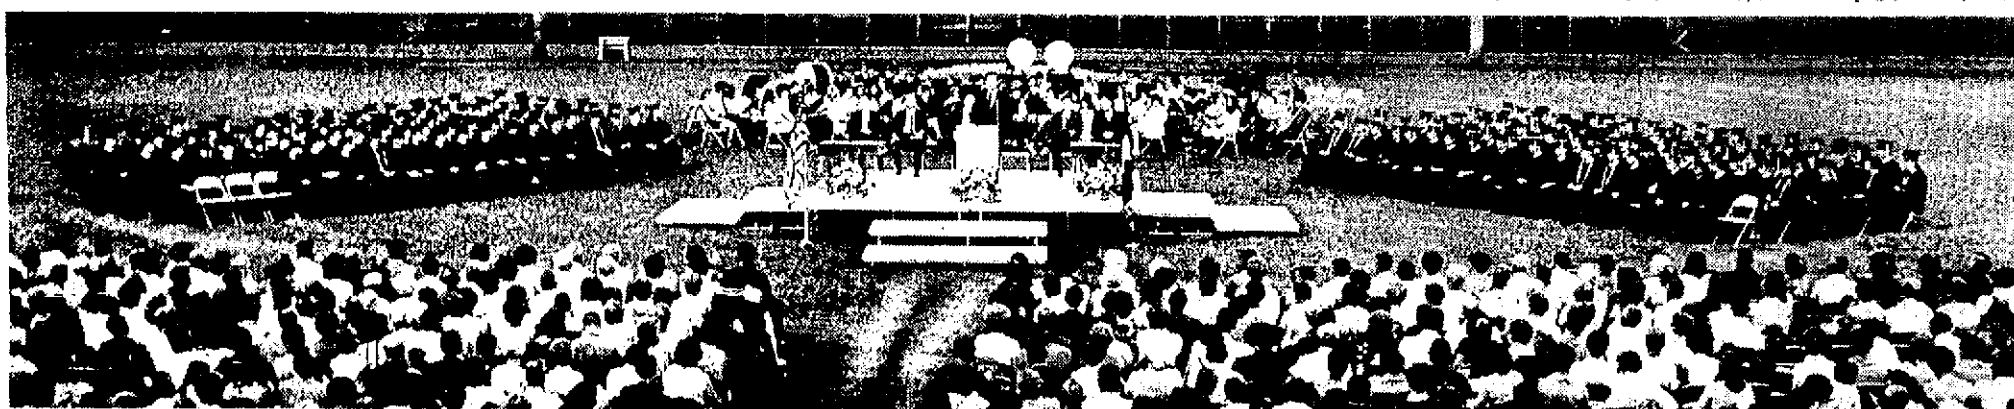

Manfred Gerstenkorn, Tom Goettler, Georgia Goetz, Kathryn Gorske, John Grau, Grzesick, Diane Gunkel, Gregory Guzy, Karen Hanson, Clark Hanson, Greg Hanson, Harman, Pam Harmon, Ronald Hasse, Hugh Haynes, Diane Hendrix, Donald Heyn, Evan Hicks, Dale Hora, Gail House.

Mark Hunt, Christy Jackson, Linda Janca, Gary Jannert, Ken Jesswein, Tom Jewell, Karen Kohn, Linda Kronos, Barbara Kubal, Linda Kurbis, Linda Lachman, James Lambert, Tim Lawver, Cindy Lentz, Kathie Lindenmayer, Debbie Mach, Kenneth Martin, Mary Maxwell, Phil McDannell, Tom McDonald, Durward McDorman, Mike McGrath, Douglas Miller, Eugene Milliken, Richard Mohler, Debbie Monte, Pat Moxnihan, Hartwig Mueller, Kathleen Neuman, Robert Niedbala, Curtis Nitz, Mike Nitz, Vicki Nitz, Sandy Nitz, Tim Nitz, Christine Ogonowski, Christine Olmstead, Debbie Ott, Gail Ott, Carol Oudbier.

Vernon Perigen, Kathy Pelligrew, Jim Plumley, Diane Piliule, Marjorie Polts, Joe Pratt, Gary Preston, Sally Quardokus, Rod Randall, Lisa Ranney, Noelia Rodriguez, Fred Rohwedder, Mike Reltz, Karen Ridenour, Jorja Ritter, Jon Robinson, Greg Rodewald, Jeff Roe, Dan Rosenhagen, Gail Rosenthal.

LAKESHORE HIGH SCHOOL GRADUATION EXERCISES FOR 199 SENIORS DRAW AN ESTIMATED 3,000 FOR THURSDAY EVENING COMMENCEMENT

United Community Fund Goal To Be \$590,800

Amount Set At \$23,200 Over Last Year

The United Community Fund board of directors yesterday set a 1970 campaign goal of \$590,800.

Board action came several days after the UCF budget committee had filed a preliminary recommendation suggesting a goal of \$596,300. The decrease of \$5,500 brings the total to only \$23,200 above the \$567,600 pledged to UCF last year.

Charles W. Johnson, UCF campaign chairman, said that he accepts the goal "with enthusiasm, resolution and dedication." He pointed out that the small increase takes into account inflation and little else.

The final goal for the fall fund drive is, in fact, \$83,000 below the amount of \$673,801 requested by the 57 United Fund agencies when budget hearings began three weeks ago. Dale O. Jeffers was chairman of the annual budget conference.

FUND ESTABLISHED Included in the UCF goal are small increases in 1971 operating budgets for most United Fund agencies and a \$10,000 developmental fund earmarked to support emerging new community programs. The United Fund board and budget committee will determine what new programs are most in need of special aid.

In accepting the goal, Johnson told the UCF board that economic uncertainty, combined with strikes and employee layoffs in the Twin Cities area, will mean that the campaign will

need a broader base of citizen support in 1970 than ever before.

The kingdom Industrial division traditionally accounts for nearly 70 per cent of all UCF pledges. While Johnson said that the Industrial division will remain the campaign bulwark, increased help from other sectors is needed.

"In the Twin Cities area, United Fund pledges from retail, wholesale and public service employees, along with gifts from national firms, have been below national and state averages for some time," Johnson said. "We must concentrate more on these areas if we are to meet our goal."

board. From left to right: Dale O. Jeffers, UCF budget chairman; Stewart (Jack) Trefry, assistant campaign chairman; Charles W. Johnson, campaign chairman; and Ray Shank, UCF president. (Staff photo)

NOW IN NY

Ex-Benton Woman Seen On Television

Twin city area television viewers who were watching Gary Moore's program "To Tell The Truth" Wednesday evening, were surprised when one of the participants when asked to reveal her true identity, gave her name as Ann Boothby Ross.

The program was aired on channel 22, South Bend, at 6 p.m. local time. Mrs. Ross who formerly resided on North Shore drive, Benton township, is now reported to be living in New York city. She is well known in the Twin Cities as an actress and for staging various theatrical productions.

INJURED IN FALL NEW BUFFALO — Mrs. Pauline Schrader, South Barton street, New Buffalo, broke a bone in her foot following a fall.

WALKOUT AVERTED NEW YORK (AP) — Members of the letter carriers local that spearheaded the March postal strike have voted narrowly to put off until July 1 a decision on renewing the walk-out.

ST. JOSEPH, MICH., FRIDAY, JUNE 12, 1970

Moderate Fruit Crops Predicted

Cherries Down 22 Per Cent

BY ALAN AREND
Staff Writer

Michigan's 1970 red tart cherry crop has been pegged at 171-million pounds, about 22 per cent less than last year, but the southwestern portion of the state should have a crop slightly better than it had last year. These figures were given yesterday at the 14th annual fruit crop guesstimate of the Michigan Frozen Food Packers,

Association, held in Benton Harbor.

Members of the processing group forecast that fruit crops in the state would generally be moderate in volume this year. At their meeting at the Hilton Inn here they predicted most varieties of fruits would produce slightly smaller crops than a year ago, but there would be no shortages.

The only major crop with

prospects for increased production this year, they said, is grapes. After three years of short grape yields, the vineyard outlook for 1970 is the best since 1966.

POOR POLLINATION

Jerry Gleason, raw products manager of Silver Mill Frozen Foods, Eau Claire, said that all indications point to the fact that there was poor pollination of tart cherries in the northwest and west-central portions of the state.

The guesstimate for the northwest was 65-million pounds compared to 84-million last year. In the west-central area the guesstimate is 31-million compared to 58-million last year. The estimate for southwestern Michigan is 75-million, one million more than last year.

U.S. production of tart cherries pegged at 253-million pounds, compared to 269.8-million last year. Gleason predicted that there will be an adequate supply for everyone and that all of Michigan's tart cherries would be processed this year.

According to Dick Schuessler, raw products manager of Paw Paw Grape Juice, Co., "as of now our grape crop looks the best it has in the past four years."

The grape prospects were estimated at 58,000 tons, 20,000 more than in 1969. Of this amount it is estimated that 55,000 tons will go to processing. Schuessler said that 30 mechanical harvesters are expected to be in the southwestern Michigan area this year and they would pick 50 to 60 per cent of this year's crop.

A breakdown of other Michigan crops is as follows:

Strawberries — 1970 acreage will be down three to 10 per cent from last year. A total of 31-million pounds is expected of which 40 per cent will be processed. This is an average size crop.

Blueberries — Last year was the biggest crop in the history of the Michigan-Indiana area when approximately 34.5-million pounds were harvested. This year's crop was put at 29.5-million pounds due to a light fruit set in the northern and central portions of Michigan.

Purple plums — Total production is estimated at 9,200 tons. Last year's crop was 14,500 tons, but 1,500 tons were abandoned. Approximately 90 per cent of the purple plums in the state are Stanley variety.

Sweet cherries — The crop is expected to be down nearly 25 per cent from last year. This year's crop was seen as 35-million pounds, but may be lower as a tremendous drop is going on in the Traverse City area.

Peaches — This year's crop is expected to be slightly less than 1969's. It was estimated at 110-million pounds, but 14 to 15-million pounds may not be harvested. The USDA also announced its estimate yesterday of 105-million pounds.

Apples — Although the June drop is not complete, it was estimated that total state's crop would be 10 per cent lower than last year. The Red Delicious crop experienced heavy frost damage and is predicted to be only about half as large as 1969.

Jonathans were estimated down five per cent, although more so in the southwestern portion; McIntosh up 10 per cent; Northern Spy about the same; and Golden Delicious down five per cent. A total of 14.6-million bushels are expected.

Black raspberries — Total production pegged at 1.6-million pounds, down about 20 per cent from last year due to winter injury.

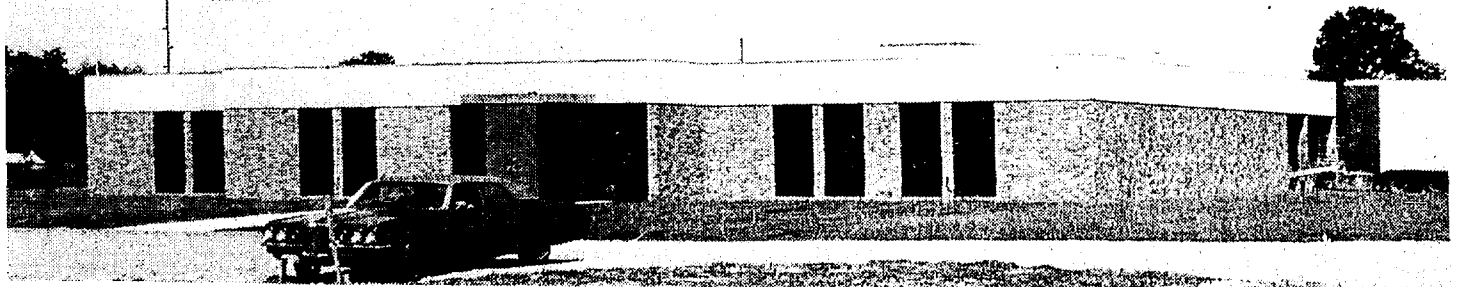

Blackberries — Total production pegged at 550,000 pounds, compared to 608,000 in 1969.

Chairmen of the 1970 guesstimate were as follows: Strawberries, Cliff Anderson of United Foods, Inc., Sodas; Blueberries, Marlin Hansel of Michigan Blueberry Growers, Grand Junction; plums, Jim Wilson of Michigan Fruit Canners, Benton Harbor; sweet cherries, Joe Dwan of Dwan-Musselman, Pet. Inc., St. Joseph; peaches, Sam Ebbert of United Foods, Sodas; apples, Burton Hill of Duffy-Mott, Co., Traverse City; brambles, Ted Wolske of Coloma Canning, Co., Coloma; Grapes, Dick Schuessler; red tart cherries, Jerry Gleason. Over-all chairman for the guesstimate was Earl H. Steimle of St. Joseph, president of the Michigan Frozen Food Packers association.

FIRST FAIR BUILDING: Extensive grading surrounds first building erected at new Van Buren County Youth Fair site on Red Arrow highway (top) between Hartford and Lawrence. Fair officials have called for volunteers to work every Tuesday evening to get fair buildings and grounds ready for

fair opening on July 18. Fair grounds are scheduled for eventual development as a community recreation center for county residents. At left are old county farm buildings. White building has been converted to Department of Social Services offices. (Aerial photo by Adolph Hann)

Completed at a cost of \$250,000, it houses 61 fulltime employees. (George Swift photo)

Board Hails Voters For Support

Lawrence Trustees
Look At Finances

LAWRENCE — A look at its finances, some shuffling of personnel, and a couple of policy decisions comprised the meeting of Lawrence school board Thursday night.

On the subject of finances, Supt. Wesley Harding said that the school system received 8.68 mills tax allocation from the county, the same as last year. The board was informed that the current rate of tax collection, for 1969-70, remains at about 90 per cent. This level has prevailed for the past several years, it was stated.

Wrapping up the discussion of finances, the board voted its appreciation for the district voters' support June 8 when they approved the renewal of a three-mill levy for three years by a three to one majority.

The board, by resolution, ruled that it would continue to participate in the federal-funded Title One remedial reading program. It will be conducted for six weeks this summer, taught by Mrs. Maryann St. Aubin and Mrs. Karen Knapp.

The board decided not to participate this year in the Kalamazoo regional enrichment center.

A letter from Ernest Shaw, assistant superintendent of Van Buren county, stated that the Lawrence special education type A program will be moved to Paw Paw schools for the 1970-71 fiscal year. This type program is for mentally handicapped who are educable, but who cannot profit from regular classes.

TEACHER HIRED

Roy Meyer of Stambaugh was hired to teach woodshop and drafting. A recent Western Michigan University graduate, this will be his first teaching assignment.

Daniel Dammis, band director, offered resignation to accept a teaching post in another school system. It was accepted "with regret." He did not tell his destination.

Superintendent Harding said the district is still looking for an auto mechanics teacher, a junior high school social studies teacher who can double in physical education, and a band director.

June 25 was set for the last meeting of this school year. Bills totaling \$8,763 were authorized for payment.

Van Buren Intermediate

New School Offices Open At Lawrence

By STEVE McQUOWN
LAWRENCE — Except for a few finishing touches, the new home of the Van Buren Intermediate School District is completed.

Elmer VanDyke, the district's

superintendent, said that as soon as all work is completed, an open house will be scheduled.

\$250,000 COST
The building just south of Lawrence, cost \$250,000 and will house the 60 full-time employees of the school district.

The staff of the district moved last week from two locations in and near Paw Paw. Van Dyke said.

The new building has about 30 rooms, 13,000 square feet of floor space and is air conditioned, VanDyke said.

The finances are from a \$180,000 bond issue approved by the district's board in October, 1968.

The bond issue is expected to be paid in six years by a 25 mill levy levied throughout the county.

The intermediate school district provides services to county school districts, students and teachers, as well as for migrant

and handicapped children.

BOARD MEETING SET

VanDyke said that board meetings previously held in Paw Paw will now be held in the new quarters. The board meets the first Wednesday of every month at 7:30 p.m.

The general contract for the new building was awarded to Pheasant Hill Construction of Grand Rapids at a low bid of \$150,370. The low bid on mechanical work went to Field Plumbing and Heating of Lawton, \$67,547; and the electrical contract to Dupree Electric of Holland, \$21,337.

TEENS PLEAD GUILTY

BATTLE CREEK (AP) —

Five Battle Creek teenagers pleaded guilty Thursday to charges of malicious property destruction stemming from the alleged ransacking of a concession stand at Ottawa County Park.

Migrants' Home Burns Near Keeler

KEELER — A two-story frame home housing migrant workers burned early Thursday evening. No one was reported injured.

The structure belongs to Joe Hassel, Townline road, Keeler. Some of the frame remains, but the house was described as a total loss.

Keeler Fire Chief Robert Hall Sr. said the fire apparently started between floors in the two-story house. He said that faulty wiring probably started it.

The alarm was called in to the Keeler fire department at about supper time by an unidentified man who saw smoke as he passed by.

In addition to the Keeler fire department, the Sister Lakes water tanker was called to help extinguish the blaze.

Chief Hall said the building was insured.

Receives Degree

NEW BUFFALO — Kathleen Anne Murray, daughter of Mrs. Emily Murray, 126 South Barton street, New Buffalo, received the associates degree in journalism at Northwood Institute, Midland, Mich. The ceremonies were held in Northwood Stadium.

OLDER BROTHER: Mr. and Mrs. Roland Frank, route 3, Fennville, compare sizes of two puppies born one month apart to their 11-year-old dog of mixed variety, Toto. Mrs. Frank holds male puppy born one month apart to their 11-year-old dog of four other puppies born to Toto on May 3. Toto is believed to be part German shorthair and part terrier. She grew up with Frank and served as a hunting dog until several years ago. Since then Frank had hoped she would have puppies so he could have another hunting dog. Now all he has to do is decide which age dog he wants to train. (Prosch-Jensen photo)

Fairplain Rezoning Passes 1st Hurdle

The Benton township planning commission last night gave tentative approval to a Napier avenue woman to rezone her property so she could rent out the upstairs half of her home.

The commission said Mrs. Betty J. Anthony could rezone her property at 324 East Napier from single dwelling to multiple dwelling if the board of trustees approves its recommendation next Tuesday.

CALLS IT MISTAKE

The commission voted 5-2 for the rezoning despite the claim of Commissioner Oliver Reector that the rezoning was "a mistake."

"Nothing degrades a neighborhood more than to let a multiple dwelling go in," he stated.

Reector said the township has turned down numerous requests in past years for rezoning on Napier avenue to multiple dwelling and commercial, and should make no exception for Mrs. Anthony.

The township's basic zoning plan is to keep Napier avenue a residential area.

Robert Miskill, chairman of the planning commission, voted against the recommendation with Reector. Many of the large homes similar to Mrs. Anthony's are well maintained by owners and were an asset to the community, he said.

Mrs. Anthony, however, said she does not think she would be able to sell the house to a family because the house is wedged between a school for

retarded youths and a church. Voting for the recommendation were Ed Richey, James Benson, John Eichelberger, Chester L. Jolley, Jr., and Robert Nametz. Dr. Charles Duncan was absent.

In other business last night, the planning commission:

- Recommended that permission be given to Ralph Russo, 385 Roland avenue, to sell motorcycles at Territorial and Benton Center roads without the need for a township used vehicle license.

- Tabled a public hearing for a special use permit for a church to be constructed at 1484 Highland avenue, since no one from the church was represented. The request was originally made by the Rev. Walter Vaughn.

- Referred to study committee a request by Mrs. LaDonna Day, 1637 Colfax avenue, for a special use permit to keep two elderly persons in her home. She needs the permit to obtain a state license.

NEWSMAN ELECTED

DETROIT (AP) — James S. Seokfield, chief librarian of the St. Petersburg, Fla., Times and Evening Independent, was elected chairman Thursday of the newspaper division of the Special Libraries Association.

Nixon Aide Will Discuss Hot Water

Milliken Wary
Of Pollution

LANSING (AP) — Gov. William Milliken said Thursday, that a state official would meet with a Nixon Administration aide on July 15 to discuss thermal pollution in the Great Lakes.

Milliken said Loring F. Oenning, chairman of the governor's environmental quality council, will meet with Russell Train, head of the president's National Environmental Quality Council, to discuss the effect of continued discharge of heated water by shoreline power plants and industries.

"The question is of critical importance to Michigan," the governor said. "Although Lake Michigan currently receives waste heat inputs from 21 major power plants, additional units now being planned or under construction will double the waste heat output in the next five years."

EFFECTS UNKNOWN
"There is ample evidence to demonstrate the adverse effects of heated discharges to interior rivers and streams," Milliken said. "But the effects of waste heat discharges on the Great Lakes have not been clearly established."

"This matter is further complicated by the conflicting reports from federal agencies and scientists on the standards that should be adopted to protect great lakes waters," he said.

"We have mounted a strong effort to protect and preserve the Great Lakes and it is vital that new or potential problems be fully anticipated and that remedial action be undertaken before serious environmental damage occurs."

New Buffalo Library Holds Election

NEW BUFFALO — Mrs. Olive Stromer was elected president of the New Buffalo Public Library board during the group's June meeting. Other new officers are Mrs. Joseph Balsanek, vice-president; Miss Dorothy Siegmund, secretary and Fred Flemming, treasurer. Trustees are Mrs. Edward Olimine and Beryl Domy,.

BENEFIT DINNER: Residents of the Covert area will sponsor a spaghetti dinner Saturday, June 27, from 11 a. m. to 6 p. m. in the Covert township hall to help the Pittman Benefit fund. Mr. and Mrs. Thomas Pittman lost all their possessions when fire destroyed their home in early May including special equipment for the blind which Mrs. Pittman used daily. Planning the dinner are (from left) Mrs. Edna Armstrong, LeRoy Green, chairman, and Mrs. D. L. Flagg, Green, a Covert grocer, is donating the food for the event. Covert township volunteer firemen will help prepare the hall for the dinner. Rental fee for the hall has been paid by Jerry Sarno. The fund has been established at the Covert branch of the Van Buren State Bank. (Olga Stegeman photo)

19 Arrested In Pontiac Disturbance

PONTIAC (AP) — Nineteen youths — 15 boys and four girls — were arrested Thursday in a riot and bottle-throwing disturbance which erupted from what police said was an attempt to arrest a youth drinking wine on a beach in suburban Pontiac.

Police fired tear gas and spread it from a helicopter over an estimated 2,000 youths in dispersing them from the Dodge State Park No. 4 on Cass Lake. No more injuries were reported.

Waterford Township police reported a crowd formed and attempted to prevent the arrest of the alleged wine drinker. Pulling and shoving developed and police called for reinforcements shortly after 1 p.m.

ALCOHOL PROHIBITED
Alcohol is prohibited within the park and its possession by anyone under the age of 21 is illegal in Michigan.

The park was ordered closed at 2:30 p.m. and cleared after officers from a dozen different agencies formed a wedge and marched through it.

Those arrested, police said, were to be booked on charges of disorderly conduct.

Wilbert Wojnarowski, assistant park superintendent, said the park, south of Pontiac near Keweenaw Harbor, had been "flooded with kids for seven days in a row."

The estimated about 80 percent were between the ages of 16 and 25 in a total crowd of 3,000 to 4,000 in the park at the time.

LIVING IN PARK
Waterford Township police said some youths had been living and sleeping in the park all week and had caused no problem previously.

There had been impromptu rock and roll concerts, the police said, but today's crowd was larger than usual because of the closing of schools for the summer in Oakland County.

After the pushing and pulling began, one park official said "someone started pelting the police cars with rocks and bottles, and everything started getting out of hand."

Police converged on the park from Pontiac, Royal Oak, Oak Park, Waterford Township, Orchard Lake, Bloomfield Hills, Birmingham, Keweenaw Harbor, Wixom, Walled Lake, the Redford Post of State Police and the Oakland County sheriff's department.

School Help To Receive Pay Hike

BERRIEN SPRINGS — The Berrien Springs board of education voted last night to raise the wages of non-teaching employees approximately 6 percent beginning July 1.

The raise will affect about 20 cooks, custodians, bus drivers and part-time school office personnel.

The board also hired four new teachers for the 1970-71 school year. They are Robert Fein, who has been teaching in Pennsylvania, to teach junior high school English; Mrs. Alvida Davis, now teaching at Andrews University academy, third grade; Robert Saroni, a Western Michigan university graduate, fourth grade, and his wife, Mrs. Lynn Saroni, a Michigan State university graduate, who will teach in the Berrien County School for Deaf Children.

Jaycees Elect At Lawrence

LAWRENCE — Terrence Jones was elected president of the Lawrence Jaycees during a recent meeting.

Other officers elected were Ernest Probyn, external vice president; Fred Garrod, Jr., internal vice president; William Richardson, treasurer; Graham Brimhall, Jr., chairman of the board; and George Leech and Leroy Damasko, directors. The office of secretary is still open.

OPPOSERS: Newark, N.J., voters go to the polls Tuesday to pick a mayor from incumbent Hugh J. Addonizio, right, and engineer Kenneth Gibson, left. Addonizio is on trial on extortion charges. Gibson has been charged by the Mayor's supporters with importing "out-of-town trouble-makers." (AP Wirephoto)

PONTIAC CONFRONTATION: At least one police officer was injured and more than 25 youths were arrested when police and some 8,000 beachgoers

clashed Thursday at Dodge Park No. 4 at Pontiac. (AP Wirephoto)

ALEXANDER KERENSKY Ex-Russian Premier Dies At 89 In Exile

NEW YORK (AP) — Alexander Florentovich Kerensky, 89, who was premier of Russia for 100 days in 1917 and in unhappy exile for more than half a century, died of heart disease Thursday in a New York hospital.

Kerensky, who had been nearly blind for many years and failing in strength, died believing that democracy and freedom would come to his still dearly loved Russia, and wishing he could go back to help bring it about.

COULDN'T GO HOME
His public expressions of a desire to go home never brought from the Soviet Union a sign of being ready to welcome him.

As a young lawyer, Kerensky had fought for the release of political prisoners, and from 1912 on had been an outspoken critic of czarist repression as a member of the ineffectual duma, or parliament.

After what Kerensky always called the "February revolution," which occurred on March 8, 1917, by the western calendar, he was made minister of justice. One of his acts during that time was to order the release of 2,000 political exiles in Siberia, including Josef Stalin.

Later he said he was sorry he had done so, but who could have known Stalin would ever be more than "just one of the bolts in the revolutionary machinery?"

In the October revolution that put Lenin and his Bolsheviks into power, Kerensky was forced to flee and he was in hiding for a year.

HISTORICAL AUTHOR
He wrote a number of historical books, most recently "Russia and History's Turning Point" in 1965. He lectured, and taught at Stanford University, where he classified Russian documents at the Hoover Institution on War, Revolution and Peace.

Since the death of his second wife, the former Lynda Eliza Treton, in 1954, he had been the houseguest of Mrs. Kenneth F. Stinson, widow of the New York County GOP leader. He is survived by two sons, Olga and Gela.

Judge Sets Bonds In Drug Case

A Benton Harbor man and his wife were arraigned on charges growing out of a police raid Wednesday night on a suspected narcotics distribution center.

Committed to jail after he failed to post bonds totaling \$25,000 was Willie J. Mulhern, 22, of Apt. 1, 335 Pipestone street. Mrs. Margaret Mulhern, 20, was released on \$1,000 bond.

They were arraigned Wednesday night before Judge John T. Hammond. Willie Mulhern is charged with possession and selling heroin on June 4 in Benton Harbor and possession of heroin and cocaine on June 10 in Benton Harbor.

Police turned the haul as the largest amount of suspected heroin ever seized here. With the cocaine, the heroin probably would have brought up to \$3,000 on the market.

Benton Harbor police and Benton township police jointly investigated the case and made the raid on the Mulherns' apartment at 6:30 p.m. Wednesday.

SURGICAL PATIENT
NEW BUFFALO — Miss Becky Schroeder, daughter of Mr. and Mrs. Charles Schroeder, South Barker street, New Buffalo, underwent a major surgery at St. Anthony hospital, Michigan City, Ind. this week.

Water Ballet Show Set For Tonight

A water ballet show will be presented tonight at the Twin City YMCA by the La Porte, Ind., Aquatic Art club. The exhibition at 7:30 p.m. is open to the public at no cost. The La Porte Aquatic club is directed by Daniel Lewis of the La Porte YMCA.

Bloom'dale Classes Will Be Held

BLOOMINGDALE — The federally-financed Title I summer school program will begin Monday, June 22, in the Bloomington school district, according to James P. Scholley, director.

Students will be picked up by school bus at 7:10 a.m. and will attend classes from 8 a.m. to 12 noon five days a week. A hot lunch will be served each day at 11:30 a.m.

The program will use five rooms in the Pullman school and seven rooms at the Bloomington elementary school. Special classes will feature art, music and physical education.

BH Elks Plan Annual Flag Day Ceremonies

Benton Harbor Elks will hold their traditional Flag Day services at noon Saturday at Benton Harbor city hall, Exalted Ruler Jay Clark announced.

Speaker will be Atty. John L. Glosensky, P.H. Lovell, past exalted ruler of lodge 544, will be master of ceremonies. Other participants include the Rev. C. Benjamin Pruett, pastor of First Baptist church, an Army Reserve firing squad; Frank Simanton, a Waterford Boy Scout who will play taps; Benton Harbor fireman, and patriotic organizations.

Ted LaMotte is program chairman. He said Elks are joining in a nation wide movement to renew respect for the flag.

Harvard Chief Holds Up Banner Of Hope

CAMBRIDGE, Mass. (AP) — Notable for Harvard's announcement that for the first time in the university's 333-year history, its Board of Overseers has accepted a woman member.

She is Mrs. Helen M. Gilbert of Washington, D.C., chairman of the trustees of Radcliffe College, who was among five candidates elected by the alumni.

Another new overseer is Judge Wade H. McCree Jr. of Detroit, judge of the U.S. Court of Appeals for the Sixth Circuit. McCree is the third Negro elected an overseer.

Youth Fails In Plea For 2nd Chance

A 19-year-old Stevensville youth's plea for another chance was turned down Thursday in Berrien circuit court after he admitted violating a two-year probation set last year for attempted larceny from a person.

Wesley Earl Hall, Jr., of 2340 Hockey Weed road, with tears in his eyes asked Judge Chester J. Byrns for a chance. But the judge sentenced him to 12 to 15 years in prison with credit for 93 days served.

Hall drew a two-year probation on a guilty plea to a charge of attempting to steal a handbag containing \$10 in St. Joseph on July 11, 1968. He admitted probation violation charges of being convicted of reckless driving last month in Fifth district court and missing regular payments on his circuit court fine and costs.

Also Thursday, Judge Byrns revoked a \$1,000 bond and authorized a bench warrant for the arrest of William E. Utley, 21, of Stevensville, after Utley failed to appear for trial on a breaking and entering charge.

He is accused of breaking into Milleradio, Inc., at 6499 Hagar Shore road, Coloma township, on Nov. 19.

HEROIN SELLER CONVICTED
FLINT (AP) — A Genesee County Circuit Court jury Thursday convicted Tyrone Peck, 26, of Flint for the illegal sale of heroin.

LEGAL NOTICE

NOTICE
The following notice is given pursuant to the Rules and Regulations of the Federal Communications Commission by WSJM, Inc., the licensee of Stations WSJM(AM) and WSJM-FM, St. Joseph, Michigan.

The applications of these stations for renewal of their licenses to operate in the public interest are required to be filed with the Federal Communications Commission no later than July 1, 1970. Members of the public desiring to bring to the Commission's attention facts concerning the operation of these stations should write to the Federal Communications Commission, Washington, D.C., 20554, not later than July 31, 1970. Letters should set forth in specific detail the facts which the writer wants the Commission to consider in passing on these applications.

Station WSJM(AM) operates unlimited on 1400 kHz with power of 1 kw. day, 250 w. night. Station WSJM-FM operates unlimited on 107.1 mhz with power of 3 kw.

The officers, directors, or 10 percent shareholders of WSJM, Inc., are: Joseph D. Mackin, William R. Walker, Edward G. Fille, Charles D. McFord, Philip Fisher, and Ben C. Fisher.

A copy of the WSJM(AM) and WSJM-FM applications for renewal of their licenses and related material, upon filing with the Commission, will be available for public inspection at the stations' main studios located at 414 Star Street, St. Joseph, Michigan, between the hours of 9 A.M. and 5 P.M. June 5, 6, 12, 13, 1970 HP-Adv.

3 Bound Over After Hearings

Three persons were bound over to circuit court following preliminary examinations yesterday in Berrien Fifth District court and two others demanded examinations when they were arraigned on felony charges.

James Cahoon, Sr., 45, of Lompoc, Calif., was bound to circuit court to face a charge of enticing away children. With his wife, Cahoon has been charged with enticing seven children away from their parents Jan. 24, 1969, in Coloma township and St. Joseph. He remains free on \$2,500 bond.

Also bound to circuit court were James Leon Gaston, 21, of 277 Bellview street, Benton Harbor, and Clifton Wilson, 26, a resident of the Benton hotel, in Benton Harbor. Both are charged with breaking and entering the Bargain Center, M-139, on May 26. They are free on \$1,000 bond each.

Thomas Mitchell, 17, of Union Pier, demanded examination on a charge of breaking and entering Mayes' Party store on Townline road in Union Pier early Thursday. Bond is \$1,000.

Ralph T. White, 30, of Bethany Beach, Sawyer, demanded examination on a charge of issuing a non-sufficient funds check for over \$100 on April 27 in Bainbridge township. He was released on \$300 bond.

Thomas Michael Smith, 20, of route 1, Red Arrow highway, Bridgman, pleaded innocent to aggravated assault and was released on \$500 bond.

Two merchants were penalized after they pleaded guilty to selling meats to which water had been added.

Lewis Simmons, who does business as Simmons grocery, at 415 North Fair avenue, Benton Harbor, was assessed \$103 for selling breakfast sausage with 24.5 per cent more water than is normally found in the meat.

Ronald Cleary, who does business as Ron's meat market, at 323 Main street, Watervliet, was assessed \$53 for selling pork sausage with 6.5 per cent more water than normally is found in the meat.

SURGERY PLANNED
